

## LENIENCY POLICY FOR UNDERTAKINGS ENGAGED IN CARTEL CONDUCT

*Section 80 of the Competition Ordinance (the “Ordinance”) provides that the Competition Commission (the “Commission”) may make a leniency agreement with a person that it will not bring or continue proceedings in the Competition Tribunal (the “Tribunal”) for a pecuniary penalty in exchange for the person’s cooperation in an investigation or in proceedings under the Ordinance.*

*Pursuant to section 80 of the Ordinance, this document sets out the Commission’s Leniency Policy for Undertakings Engaged in Cartel Conduct.*

*The Leniency Policy for Undertakings Engaged in Cartel Conduct does not preclude the Commission from entering into a leniency agreement with an undertaking with respect to an alleged contravention of a conduct rule which is not covered by the policy.*

*The Leniency Policy for Undertakings Engaged in Cartel Conduct does not apply to leniency agreements between the Commission and persons who are not undertakings. The Commission will consider case by case whether it is appropriate to enter into a leniency agreement with such persons. Where, however, an undertaking enters into a leniency agreement under this policy, the leniency ordinarily extends to any current director, officer or employee of the undertaking where the relevant individuals provide complete, truthful and continuous cooperation with the Commission throughout its investigation and any ensuing proceedings. The leniency will also extend under the same conditions to any former director, officer, or employee of the undertaking specifically named in the leniency agreement.*

## 1. Introduction

---

- 1.1. Leniency is a key investigative tool used by competition authorities around the world to combat cartels. Cartels differ from other types of anti-competitive conduct. First, they are universally condemned as economically harmful. Second, cartels are usually organised and implemented in secret, making them more difficult to detect.
- 1.2. In view of these considerations and subject to the terms and conditions of this policy, the Commission considers that it is in the public interest that leniency should be accorded to an undertaking which is willing to terminate its participation in cartel conduct, report that conduct to the Commission and cooperate in the bringing of proceedings against other parties to the cartel.
- 1.3. The Commission's Leniency Policy for Undertakings Engaged in Cartel Conduct is designed to provide a strong and transparent incentive for a cartel member to stop its cartel conduct and to report the cartel to the Commission. In exchange for a cartel member's cooperation, the Commission will undertake not to commence proceedings for a pecuniary penalty against the cartel member who enters into a leniency agreement with the Commission. Since this policy provides that leniency is available only for the first cartel member who reports the cartel conduct to the Commission and meets all the requirements for receiving leniency, there is a strong incentive for a cartel member to be the first undertaking to apply for leniency.
- 1.4. As a result, the Leniency Policy for Undertakings Engaged in Cartel Conduct is intended to increase the risk of detection and discourage the continuation of cartel conduct. By increasing the risk and cost of participating in a cartel, the policy deters the formation of cartels that would otherwise harm competition in Hong Kong.
- 1.5. The Leniency Policy for Undertakings Engaged in Cartel Conduct enables the Commission to obtain evidence more efficiently and effectively thereby leading to a prompt resolution of the Commission's investigation of the conduct.
- 1.6. The Leniency Policy for Undertakings Engaged in Cartel Conduct does not preclude the possibility of a follow-on action under section 110 of the Ordinance against cartel members, including a party to a leniency agreement, by persons who can prove they have suffered loss or damage as a result of the

cartel.

## 2. Overview and Scope of the Policy

---

### Key Elements of the Policy

2.1. The policy consists of the following key elements:

- a) First, leniency is available only in respect of *cartel* conduct contravening the First Conduct Rule, as further described in paragraphs 2.3 to 2.5 below.
- b) Second, only an *undertaking*<sup>1</sup> may apply for leniency under the policy.
- c) Third, leniency is available only for the *first* undertaking that reports the cartel conduct to the Commission and meets all the requirements for leniency.
- d) Fourth, if the Commission exercises its discretion to offer leniency, it will enter into an agreement with the undertaking not to take proceedings against it for a pecuniary penalty in exchange for cooperation in the investigation of the cartel conduct.
- e) Fifth, the undertaking receiving leniency must be prepared to sign a statement of agreed facts admitting its participation in the cartel by reference to which the Tribunal may be asked to make an order declaring that the undertaking has contravened the First Conduct Rule.<sup>2</sup>

2.2. Where the Commission enters into a leniency agreement with an undertaking, leniency will ordinarily extend to any current director, officer or employee of

---

<sup>1</sup> The term “undertaking” is defined in section 2 of the Ordinance and refers to any entity (including a natural person), regardless of its legal status or the way in which it is financed, which is engaged in an economic activity. Examples of undertakings include individual companies, groups of companies, partnerships, individuals operating as sole traders or subcontractors, co-operatives, societies, business chambers, trade associations and non-profit organisations. Further guidance on what the Commission considers to constitute an undertaking is provided in the Commission’s *Guideline on the First Conduct Rule*.

<sup>2</sup> Undertakings which are party to a leniency agreement will be required to be named and participate in consent proceedings before the Tribunal for the purposes of obtaining a declaration under section 94 of the Ordinance.

the undertaking provided the relevant individuals provide complete, truthful and continuous cooperation with the Commission throughout its investigation and any ensuing proceedings. Leniency will also extend under the same conditions to any agent, former director, former officer or former employee of the undertaking specifically named in the leniency agreement. Where the undertaking is a partnership, leniency will ordinarily extend to any partner in the partnership and any employee of the partnership where the relevant individuals provide complete, truthful and continuous cooperation with the Commission throughout its investigation and any ensuing proceedings. Leniency will also extend under the same conditions to any agent, former partner, or former employee of the partnership specifically named in the leniency agreement.

#### **What is Cartel Conduct under the Policy?**

2.3. The Leniency Policy for Undertakings Engaged in Cartel Conduct applies only to cartel conduct in contravention of the First Conduct Rule.

2.4. For the purposes of the policy, cartel conduct refers to:

- a) agreements (as defined in section 2(1) of the Ordinance); and
- b) concerted practices,

among undertakings that are, or otherwise would be if not for the cartel conduct, in competition with each other, that seek to do one or any combination of the following activities which have as their *object* the harming of competition:

- i) fix prices;
- ii) share markets;
- iii) restrict output; or
- iv) rig bids.<sup>3</sup>

2.5. The Commission considers cartel conduct as defined in paragraph 2.4 of this policy to be Serious Anti-competitive Conduct under section 2(1) of the Ordinance.

---

<sup>3</sup> These forms of conduct are discussed in the Commission's *Guideline on the First Conduct Rule*.

## How to apply for Leniency under the Policy

### *Step 1: Applying for a Marker*

- 2.6. Since, under this policy, the Commission provides leniency only to the first successful applicant, the Commission uses a marker system to establish a queue in order of the date and time the Commission is contacted with respect to the cartel conduct for which leniency is sought.
- 2.7. When the Commission is contacted, the caller will be asked to provide sufficient details to identify the conduct for which leniency is sought. The caller may then be given a marker which identifies the time and date of the call.
- 2.8. The Commission may issue one or more markers with respect to specific cartel conduct. In this context, all markers are ranked in descending order of the time and date when the markers are issued to each undertaking. As a result, a marker queue is created for each reported cartel.
- 2.9. A request for a marker may only be made by calling the Leniency Hotline at +852 [xxxx xxxx]. The Leniency Hotline is only answered during the Commission's office hours, being 9am to 6pm Hong Kong time, Monday to Friday (excluding public holidays).
- 2.10. A request for a marker may be made by the undertaking's legal representative on behalf of the undertaking.

### *Step 2: Invitation to Apply for Leniency*

- 2.11. On the basis of the information provided to the Leniency Hotline, the Commission will make a preliminary determination whether the reported conduct is cartel conduct and whether leniency is available.
- 2.12. Leniency will not be available under this policy if the Commission has decided to issue an infringement notice under section 67 of the Ordinance or to commence proceedings in the Tribunal in respect of the cartel conduct reported by the undertaking.
- 2.13. If the Commission determines that there is cartel conduct and leniency is available, it will notify the undertaking with the highest ranking marker that it may make an application for leniency. The undertaking will be informed of the date and time by which an application must be submitted to the Commission.

2.14. Before the applicant submits its application, it will be asked to sign a non-disclosure agreement with the Commission which provides that the applicant will keep confidential (i) the fact that it is submitting an application for leniency and (ii) the information provided or that will be provided. Applicants will agree not to disclose anything covered by the non-disclosure agreement except as required by law.

***Step 3: Making the Leniency Application through a Proffer***

2.15. The undertaking invited to apply for leniency is asked to provide a so-called proffer. The proffer, which may be made in hypothetical terms and through a legal representative on a 'without prejudice' basis, consists of a detailed description of the cartel, the entities involved, the role of the applicant and the evidence the leniency applicant can provide in respect of the cartel conduct. The proffer should include an explanation of how the cartel conduct affects or relates to competition in Hong Kong to establish a jurisdictional nexus.

2.16. Ordinarily, the undertaking invited to submit an application must complete its proffer within 28 days of being asked to submit the application. Should the undertaking fail to complete its proffer within this timeframe, or any extension to it as might be agreed by the Commission, the undertaking's marker will automatically lapse. In that circumstance the next undertaking in the marker queue will be invited by the Commission to make an application for leniency.

2.17. After considering the proffer, the Commission may ask the applicant to provide access to *some* evidence in support of the proffer such as documentary evidence or by making available witnesses to be interviewed by the Commission. The Commission will provide an assurance that it will not use this evidence against the applicant.

2.18. Based on the proffer and any additional information requested and provided by the applicant, the Commission will decide whether or not to make an offer to enter into a leniency agreement.

2.19. A proffer may be made orally or in writing. Any communications with the Commission about the proffer or any related matters may be made orally or in writing.

2.20. The Commission will maintain its own records about the marker process and any information submitted in a proffer or about any related matters.

**Step 4: Offer to Enter into a Leniency Agreement**

- 2.21. If the Commission decides to offer to enter into a leniency agreement, the applicant will be asked to sign a leniency agreement in the form of the annexed “*Template for a Leniency Agreement with an Undertaking Engaged in Cartel Conduct*” with any necessary amendments or specific terms as might be appropriate to the applicant.
- 2.22. The leniency agreement submitted to the applicant will require the applicant to confirm that:
- a) it has provided and will continue to provide full and true disclosure to the Commission;
  - b) it has not coerced other parties to engage in the cartel conduct;
  - c) it has, absent a consent from the Commission, terminated its involvement in the cartel;
  - d) it will keep confidential all aspects of the leniency application and the leniency process except as required by law;
  - e) it will provide continuing cooperation to the Commission including in proceedings against other undertakings that engaged in the cartel conduct or against other persons involved in the cartel conduct; and
  - f) it is prepared to sign a statement of agreed facts admitting its participation in the cartel by reference to which the Tribunal may be asked to make an order declaring that the undertaking has contravened the First Conduct Rule.

**Step 5: Leniency Agreement**

- 2.23. Once an undertaking has entered into a leniency agreement with the Commission it is required to provide the Commission with all non-privileged information and evidence in respect of the cartel conduct without delay. Witnesses will also be interviewed by the Commission and can be called upon to provide evidence before the Tribunal in due course.
- 2.24. Where the Commission enters into a leniency agreement with an undertaking under section 80 of the Ordinance, the Commission is not permitted to commence or continue proceedings in the Tribunal for a pecuniary penalty against the undertaking that has contravened the First Conduct Rule (including any other persons covered by the agreement).

- 2.25. If the undertaking fails to abide by the terms of the leniency agreement, the Commission may terminate the agreement pursuant to section 81 of the Ordinance and the terms of the leniency agreement.

### **3. Terminating the Leniency Agreement**

---

- 3.1. The termination of a leniency agreement entered into under section 80 is governed by the provisions of section 81 of the Ordinance. Under section 81 of the Ordinance, the Commission may terminate a leniency agreement where, *inter alia*, the Commission has reasonable grounds to suspect that the information on which it based its decision to make the agreement was incomplete, false or misleading in a material particular or where the Commission is satisfied that the other party to the leniency agreement has failed to comply with the terms of the leniency agreement.
- 3.2. Where a leniency agreement is terminated, the Commission may at its discretion commence proceedings against the undertaking and/or any persons previously covered by the leniency agreement, including without limitation, proceedings in the Tribunal seeking a pecuniary penalty.

### **4. Undertakings which do not Qualify for Leniency**

---

- 4.1. Undertakings which do not qualify for leniency may wish nonetheless to cooperate with the Commission in its investigations.
- 4.2. The Commission will rely on its enforcement discretion to consider providing favourable treatment to undertakings which cooperate with the Commission in connection with an investigation of alleged contraventions of the First Conduct Rule. Favourable treatment towards undertakings which have engaged in or been involved in cartel conduct but which do not qualify for leniency may take various forms.
- 4.3. In particular, if the Commission is seeking a pecuniary penalty in relation to cartel conduct, favourable treatment may include making joint submissions with the cooperating undertaking to the Tribunal on the pecuniary penalty having regard to the timing, nature and extent of the cooperation provided and/or on the terms of a particular order of the Tribunal under rule 39 (*Orders made by consent in proceedings under Part 3, 4, 5 or 6*) of the Competition Tribunal Rules.

- 4.4. It is a matter for the Tribunal and other courts to decide ultimately whether a pecuniary penalty is appropriate in the circumstances and, if so, the level of the penalty that should be imposed and/or whether other orders under Schedule 3 of the Ordinance (*Orders that may be made by Tribunal in relation to contraventions of competition rules*) should be made.

## **5. Confidentiality and Non-Disclosure**

---

### **Confidentiality of Leniency Applications**

- 5.1. To support the Commission's ability to conduct effective investigations, the leniency applicant is required to keep confidential the fact of the investigation, its application for leniency (including any non-public information received by the applicant in that context) and the terms of any leniency agreement entered into with the Commission, unless the Commission's prior consent has been given or the disclosure of the information is required by law.
- 5.2. The confidentiality and non-disclosure commitment is on-going throughout an investigation and in any subsequent Tribunal or other court proceedings.
- 5.3. As noted above, an applicant for leniency is required to enter into a non-disclosure agreement with the Commission.
- 5.4. If a leniency applicant breaches its confidentiality and non-disclosure commitments, the applicant will cease to be eligible for leniency under this policy.

### **Disclosure of information provided by Leniency Applicants to the Commission**

- 5.5. Section 125 of the Ordinance imposes a general obligation on the Commission to preserve the confidentiality of any confidential information<sup>4</sup> provided to the Commission. Section 126 of the Ordinance lists the exceptions to this obligation where the Commission may disclose confidential information with lawful authority. Further detail regarding the confidentiality of information and documents obtained in a Commission investigation is contained in the Commission's *Guideline on Investigations*.
- 5.6. The Commission will use its best endeavours to appropriately protect:
- a) any confidential information created by a leniency applicant solely for the

<sup>4</sup> Confidential information is defined in section 123 of the Ordinance.

purpose of making an application to the Commission; and

- b) the Commission's records of the leniency application process, including the leniency agreement

(collectively, "**Leniency Application Material**").

5.7. Subject to the requirements of Part 8 of the Ordinance to the extent applicable, it is the Commission's policy not to disclose Leniency Application Material (whether or not it is confidential information under section 123 of the Ordinance) unless:

- a) it is compelled to do so by an order of the Tribunal or any other court, by law or any requirement made by or under a law;
- b) it has the consent of the leniency applicant to disclose the material;
- c) the relevant information or document is already in the public domain; or
- d) the Commission, after entering a leniency agreement, terminates that leniency agreement under section 81 of the Ordinance.

5.8. If a third party makes an application in whatever form seeking to compel the Commission to disclose Leniency Application Material, the Commission will advise the leniency applicant of that application as soon as practicable. Pursuant to the terms of the non-disclosure agreement with the Commission the leniency applicant will likewise be required to advise the Commission as soon as practicable should a third party make an application seeking to compel the leniency applicant to disclose Leniency Application Material or should such disclosure otherwise be required by law.

## **6. Cooperation in Cross-border Cartel Investigations**

---

6.1. Where a cartel operates in multiple jurisdictions, authorities in these jurisdictions may cooperate with each other when conducting their respective cartel investigations.

6.2. In appropriate cases and where permitted by law, the Commission may as a condition to entering into a leniency agreement require a leniency applicant to authorise the Commission to exchange confidential information with authorities in another jurisdiction.

**7. No Further Action Taken in respect of a Cartel Investigation**

---

- 7.1. If the Commission decides not to pursue further a matter which is the subject of a marker or leniency application, it will advise the leniency applicant of this outcome.
