### “Fighting Bid-rigging Cartels”

Sound effect: (drumming sound)

Voice-over: A tendering process should offer more choices, but not when bid-riggers come together. Bid-rigging cartels leave no choices for consumers, and only benefit the bid-riggers.

Voice-over: Under the Competition Ordinance, it's illegal for competitors to rig bids. The Competition Commission will combat bid-rigging cartels head-on, bringing about the benefits of a level playing field.
