

11 November 2020

For Immediate Release

### **Competition Commission announces senior management movement**

As previously announced by the Competition Commission (Commission) in June 2020, its Chief Executive Officer (CEO) Mr. Brent Snyder had decided not to seek renewal of his contract upon its expiry in September 2020 but would continue leading the executive arm of the Commission for up to six months. The Commission announced today that Mr. Snyder will formally step down as its CEO effective 28 November 2020.

The Commission's recruitment of a new CEO is well underway. During the interim period, the powers and responsibilities of the CEO will be delegated to Mr. Rasul Butt, Senior Executive Director of the Commission. The Chairperson and Members of the Commission will work closely with the executive arm to ensure a smooth transition and the continuous effective operation of the Commission.

The Commission would like to express its sincere thanks to Mr. Snyder for his exemplary leadership and tremendous contributions in the past three years, overseeing various aspects of the Commission's work as it rapidly matures into an established competition law enforcement agency.
